2) I am of the view that if the Govt want to recognize the extra work done by these doctors the proper thing would be to sanction an allce Presentation of a Silver plate, even though its value may not exceed the allce payable. would not be appropriate as it would be analogous to presentation of caskets etc, which are meant only for high dignitaries of the State A Govt cannot be treated as an individual or a body of persons.

23) Both according to article 5 of the Manual of the Medical department and article 272 of the Manual of General circulars and Standing orders a Medical officer may accept any gift offered in good faith by any person or body of persons in recognition of his professional services.

24) In this case the Nizam's Municipality have resolved to present a silver plate worth Rs 50 each to the two Asst Surgeons class II who have rendered yeomen service in isolation and other allied work during plague in the town. The Senior Surgeon has recommended that the Asst Surgeons

may be permitted to accept these small gifts both as a token of appreciation by the Municipality for the services rendered and as a sort of an incentive to these officers to do just as well in any other emergency and as a sort of an example to others

The Deputy Commissioner has also recommended the Senior Sanitary Officer's recommendation of the S S is also right both from the point of view of rules as well as equities of the case. The suggestion that the question of an allowance may be considered in lieu of these gifts both of the silver plates may not be acceptable because a cash allowance will

Sanctioned by the Municipality will be
spent away and the silver plate of the highest
value of which is not after all
much, is a purely permanent symbol
of the devoted services of the doctors and
the keen appreciation of the same
by the Municipality. Be the suggestion of
presentation of silver plate by the
Municipality to these doctors will be analogous to
presentation of caskets etc to
high dignitaries it may be said
that these doctors have rendered
meritorious services and to ask
a pecuniary presentation by the
Municipality on the score that
these doctors are not dignitaries
will neither be paid nor expected. In their own
sphere the doctors are quite
important and have deserved
the presents offered to them

by the Municipality. The last point viz
whether according to the Article 272
of the Standing orders a Municipality
cannot be considered as an
individual or body of persons is
a moot point. In my view though
it cannot be considered as an
individual it can be treated
as a body of persons inasmuch
as it is a body of either elected or
nominated persons representing the
Municipal area, and is thus
certainly entitled to offer a
gift to a Medical officer
thus from all points of
view the gift of the silver plate
to the two doctors by the
Mayor of the Municipality for their
meritorious services recommended

SECRETARIAT BRANCH

Sir,

Sub: Grant of Allowances to the Municipal men of Madi for having attended the Plague duty

---

I write to state that plague was prevailing in Madi Town for nearly 3 months from 30 11 1950 to 4 3 1951 During this period Dr Yethirajalu Naidu, Assistant Surgeon, Local Fund Dispensary, Dr Munirajappa, Assistant Surgeon, Local Fund Dispensary and Dr G S Acharya Private Practitioner attended to the inoculation work and conducted 5561 inoculations The epidemic was thus brought under control These three Doctors are reported to have worked day and night during the above period

The Municipal Council, Madi, have at their meeting held on 31 3 1951 resolved that in appreciation of the good work turned out by these Doctors to present them with Silver plates worth Rs 50/- each to the first two doctors and a Silver plate worth Rs 25/- to Doctor G S Acharaya

As all the three have contributed equally in bringing down the disease and as Sri G S Acharaya had to pay Rs 20/- as Electric charges, I am of opinion that all the three Doctors may be given Silver Plates worth Rs 50/- each to maintain equality

The total experditure to be incurred is Rs 150/- and the Financial position of the Municipality permits the same

In the circumstances, I request that sanction of Government may kindly be obtained to incur an experditure of Rs 150/- from out of the funds of Madi Municipality for the reason stated above

Enclosures accompany

Yours faithfully,

DEPUTY COMMISSIONER
